What is the FCAT?

The Florida Comprehensive Assessment Test (FCAT) was a standardized test administered to students across Florida to evaluate their proficiency in key academic areas, primarily reading, mathematics, and science. The FCAT was designed to measure student progress toward meeting the state's educational standards and was a critical component of Florida's accountability system.

Although the FCAT has been phased out and replaced by the Florida Standards Assessments (FSA), many legacy systems and records still reference FCAT scores, especially in the context of historical data and student transcripts.
